

## Health Insurance Notification

The Case Management Department at Community Memorial Hospital will obtain pre-certification from your insurance provider for the hospital stay for you and your baby.

### **IMPORTANT:**

**Remember to call your employer and/or insurance provider to have your baby added to your insurance plan. You have 30 days from the day of delivery to have your baby added to your plan to avoid denial of coverage.**

**If you have any questions regarding your insurance benefits, please contact your insurance provider at the phone number listed on the back of your insurance card.**

If you have additional questions about pre-certification, please call our Case Management voicemail line, 262.257.3277, and leave your name and room number (if you have been admitted) along with your question, and a member of the Case Management Department will contact you on the next business day.
